

Office of  
**NUCLEAR ENERGY**

# Power Reactor Optimization

**Chris Bunting**

**Director, Office of Reactor Sustainability**

# *Vision*

Forge a unified coalition across the federal enterprise together with the private sector to address critical challenges in supply chains, financing, regulation, workforce, technology, and design to rapidly and substantially expand U.S. nuclear capacity, ensuring energy security and resilience.

## *2027 Program Name Change*

# LWRS

# PRO

(Light Water Reactor Sustainability)

(Power Reactor Optimization)
